

ACS - TSCM “Debugging” Standards approved by ACFE

ACFE™

Association of Certified Fraud Examiners

South Africa Chapter #91

We are pleased to announce that our Technical Surveillance Counter Measures (TSCM) Standards document has been approved by the Association of Certified Fraud Examiners (ACFE) South Africa Chapter. This document provides the benchmark for TSCM “Debugging” services in South Africa. We appreciate the support of everyone at the ACFE and for publishing the document – follow this link to view and read more:
